Financial Influx Service

This is a sequence of attunements that need to be taken in the order listed. Some are Shakti, Divine Intelligences whose names denote their specific functions. Others are teams of helpers in the Light of Source who will do what their names specify.

This is a self healing system for activation and use on you only. Your responsibility is to allow, and to choose how often to activate this system. All attunements are to be received with the intent that the name of the attunement

ACTIVATE.

Some of the attunement names are as COMMANDS.

It is important to be authoritative and activate the commands to receive comprehensive benefit from this Financial Influx Service. All actions are overseen by your Higher Self so that the pathways and adjustments made will be perfect for you.

What kind of change occurs in your life as a result of these attunements is not controllable by your personality. Anything not in alignment for your current financial influx intentions is likely to look very different than it did prior to these attunements, if it remains at all.

Each person has their own tolerance for change. Even good change is change. Many people can handle change well if it isn't happening in too many areas of their life at one time.

How to receive the Attunements

Remember that your Higher Self is not concerned with your comfort level in regards to change. Your Higher Self and Spirit are opportunistic and will move you along quite quickly. Only you will know what is acceptable for your life.

Your Financial Influx Service attunements will likely arrive to you in a chi-ball, because some of them are Shakti, who prefer an enclosure in which to ride to you within from the Higher Dimensions.

You need to take **attunements #1-4** at one sitting or time of reclining. This will take 21 minutes to nearly an hour. When you call in your attunements the first time, they will immediate begin doing their work with you.

You can accept **attunements #5-12** directly after the first four, later that day or the next day. Attunements #5-12 generally take about 3 minutes each to receive and do their action, but some people have reported it taking a lot longer.

You are not simply receiving the attunements then doing the work later, to receive the attunement is to be prepared to allow the job to be done. This will be the first layer of the job.

Activate the Financial Influx Service attunements again on subsequent days. Give yourself time to relax, allowing each activation to run to completion, as this will have additional benefits for your financial life. Please remain reclined or at least sitting for the duration of the session.

If you are not sensitive to subtle energies, simply allow 57 minutes for the first accepting and working of the attunements and 35 minutes for subsequent activations.

Accept and Activate with Intent each attunement as you move through the list.

1. **Dissolver Shakti:** To melt away blocks or limiting beliefs in your financial influx pathways. Ran for 12 minutes the first time for me.
2. **Tikkun Shakti:** Existing pathway repair.
3. **New Pathway Creator Team**
4. **Pipeline Fortification Team**
5. **Influx Upgrade Empowerment**
6. **Monetary Energy Burst**
7. **Flow Pulse Harmonization**
8. **Integration Field:** Full connection with you.
9. **Financial Provision Divine Protection Field**
10. **All Systems GO!**
11. **Continual Maintenance Ray**
12. **Increase Flow Dial:** Increase or decrease flow as desired with intent.

How to send the Attunements

Passing Financial Influx Service to others: Check with your inner guidance prior to promising to pass these attunements to others. Not everyone who is a Reiki or Seichim Master is ready for the level of change this can bring to their life.

Shakti won't even activate unless a person is at an advanced level in their spiritual lives and take their spiritual walk seriously! The general rule for this system is that someone has to have been a Reiki or Seichim Master for at least 6 months before this system is proper for them.

It isn't kind to go through the effort of sending an attunement, only to find out that they won't activate for a person, or the change was so sweeping and much that the person was not ready to handle it with ease and joy. There really are some systems that some people just are not ready for yet.

Call in the two Shakti, by name, to arrive for the intended recipient and guide them into the wrapping or Chi-ball you've called in for them.

The other attunements can either be done by the Higher Self method or you can go into the energy of each attunement and stream it also into the chi-ball. Send to the recipient to hover near until the person is ready to call it in to receive attunements 1-12.

Disclaimer

Financial Influx Service manual and attunement energies are for self enrichment and entertainment purposes only and do not diagnose nor treat any disease or illness. Please always see the properly licensed professionals if you are unwell or have a legal or psychological concern.

WARNING:

Do Not try to run this system 'on behalf' of other people. No, we are not allowed to run this system on other people because the higher self each person regulates the proper pathway architecture and implementation. Therefore only those who receive attunements have their Higher Self involved and overseeing this system. It is for you to utilize, do so to the fullest!

Always pass this manual on to others free of charge and fully intact with no changes.

Thanks

I extend much appreciation to Rev. Yamile Jana, DD, RMT for her abiding support that has given me ability to spend the time bringing this manual into existence.
